### The daily auction in point 5.1 will be as follows:

#### **" The daily auction "**

*The daily available capacity, for any limit and direction, for day D, is composed from the amount of unallocated capacity in the relevant monthly auction, with the "returned " capacity declared from the respective participants that will not be used in day D.*

*The procedure of calculating and allocating the daily transmitting capacity is:*

- *Until 10:00 every day, the market participants that has won the right to transmit in annual/ monthly auction, should declare the capacity quantity in MË, separately for every limit and direction, that they have planned to use in day D+2,*
- *Until 11:00 every day, TSO (Transmission System Operator) publishes in its website, and informs the market participants for the available capacity for day D+2 for every limit and direction, and exchanges the relevant information with the neighbour TSO-s regarding the "returned " and available capacity for day D+2,*
- *In the interval 12:00 - 14:00 every day, TSO performs the auction procedure accepting electronically by NOVITA platform the requests of the market participants for the transmitting capacity for day D+2, in conformity with the respective notification made from its part,*
- *Until 15:00 every day, TSO makes the capacity allocation, defines the winners and the price of the auction, according to the same procedure that is actually followed by TSO in the annual/ daily*

*auctions, for every limit and direction of the flow, and informs the participants for the respective capacity allocated for day D+2.*

*- The procedure of daily allocation for Sunday, Monday and Tuesday is realised on Thursday. If day D is official holiday, the procedure will be performed in the preceding working day.*

*The invoice for the daily auction will be prepared on monthly basis by the end of month during which the capacity is used. The payment of the invoice is made based on the payment procedure of the transmission service. TSO company has the right to intervene in the bank guarantee of the market registration in case of not paying the month invoice and if the amount in the bank guarantee does not cover the payment for the capacity usage to exclude the participant in the daily auction until it meets the financial obligation toward TSO company."*
