

THE 34th MEETING OF THE GENERAL ASSEMBLY FOR ENERGY OF THE MEDITERANEAN

01 December 2022, Cairo, Egypt

On December 1 there was held the 34th General Assembly meeting of the Mediterranean Regulators Organization (MedReg), welcomed by the Egyptian Regulator of Gas (GasReg). This assembly was opened with the speech of the MEDREG President Mr. Petrit Ahmeti, during which the president welcomed the participants and then he gave the permission to speak to the Chairman of GASREG and the vice president of MEDREG Mr. Karem Mahmoud. Also, the assembly was greeted by the Egyptian Minister for Energy.

The Chairperson of the working groups presented a summary of the group's activities from the last Assembly period of June 2022.

Also, on this Assembly it was discussed on the cooperation of MedReg, with the other stakeholders like ECRB, CEER, ICEER, UfM, OME etc., regarding the budget and the grant financing contract from EU for 2023- 2025 period.

After the successful termination of the two-year term of Mr. Ahmeti as the president of MedReg, as well as the termination of the term as the vice chairperson of the Customer Working group of ERE Board Member Mrs. Erjola Sadushi, on this assembly there were selected the members, representatives of the steering committee for the next two years as well as the chairperson, and the vice-chairperson of the working groups and the Task forces.

It is a pleasure and honor that ERE representatives are selected for the next two years to participate on the high managerial levels of the structures of this important organization. ERE Board Member Mrs. Erjola Sadushi is elected as the vice chair person of the Customer working Group and the Secretary General of ERE Mr. Elton B. Radheshi is entrusted the chairmanship in cooperation with the Task Force Secretariat of UfM platforms cooperation.

The next president of MedReg for the 2022-2024 period, was selected Mr. Abdellatif Bardach. The current president of the Moroccan Energy Regulatory Authority (ANRE), that during his introductory speech after thanking Mr. Ahmeti for the excellent work and the achievements of MedReg during the two - year period highlighted the new challenges of the sector and the role that MedReg may and shall play on the electricity transition of the countries.

Mr. Ahmeti on his speech after thanking the participating regulators for their support during his presidency, wished the new President for his duty and expressed ERE support for this organization even in the future.

The next Assembly will be held in Greece on June 2023.
