Activities

The visit to Katuni wind farm, Croatia

The visit to Katuni wind farm, Croatia, part of the agenda for the decarbonization of the power sector in the Western Balkans, was developed as a collaboration between the GIZ organization's representatives in the Balkans, among which GIZ Albania. ERE was represented by the Director of Market Monitoring and Inspections Directory, Mr. Bledar Qira, who described this field visit and the exchange of experience with the countries of the region, as a guide for all future projects aimed at producing energy from this category of renewable source in Albania.

Membership of Kosovo in AIB

During a joint meeting in the premises of ERE, where representatives of the Energy Regulatory Office in Kosovo and LuxDev - Luxembourg Development Cooperation Agency participated and exchanged their experiences, the participating parties expressed their support for the involvement of ERO in AIB - Association of issuers of guarantees of origin, thus promoting the standardization of the use of the European Energy Certificate System. ERE is a member of AIB with full rights since May 2024.

By browsing our official website www.ere.gov.al, you can be informed with the latest data of the energy market in the country, the registers of licensing of subjects, guarantees of origin and updated complaints, as well as tariffs and prices of approved by ERE.
